# Product Overview [1/2]

nordimind

[Capricode](#)

MDM Solution, available as SaaS or local installation

[Cyberoam](#)

Unified Threat Management, available as physical/virtual appliance

[Docker](#)

Container management & deployment platform for Enterprises

[EnterpriseDB](#)

PostgreSQL with 24/7 SLA, Oracle compatibility

[Huawei](#)

Servers, Storages, Routers, Switches and other network components

[Inuvika](#)

Application virtualization between Linux and Windows systems

[JBoss](#)

Large portfolio of middleware software

[LANDesk](#)

Centralized management of systems, mobility, assets and services

[ManageEngine](#)

Management Solutions for Active Directory, Application/Network

Performance, Desktops, Mobile Devices, Help Desk and IT Security

IT Automation & Orchestration

[Puppet](#)

# Product Overview [2/2]

nordimind

## Red Hat

Defacto Linux Platform, including solutions for Virtualization, Cloud and Software-Defined Storage

## Riak

Distributed NoSQL Database (by Basho)

## Safran Morpho

Secure biometric solutions for trusted services

## SEP

Hybrid backup solution

## SIOS IQ

Machine learning analytics for optimizing VMware environments

## SIOS DKCE

Replication add-on WSFC to create SANLess clusters

## SIOS HA

HA clustering solution for Linux, Windows, Virtualized environments

## WebNMS

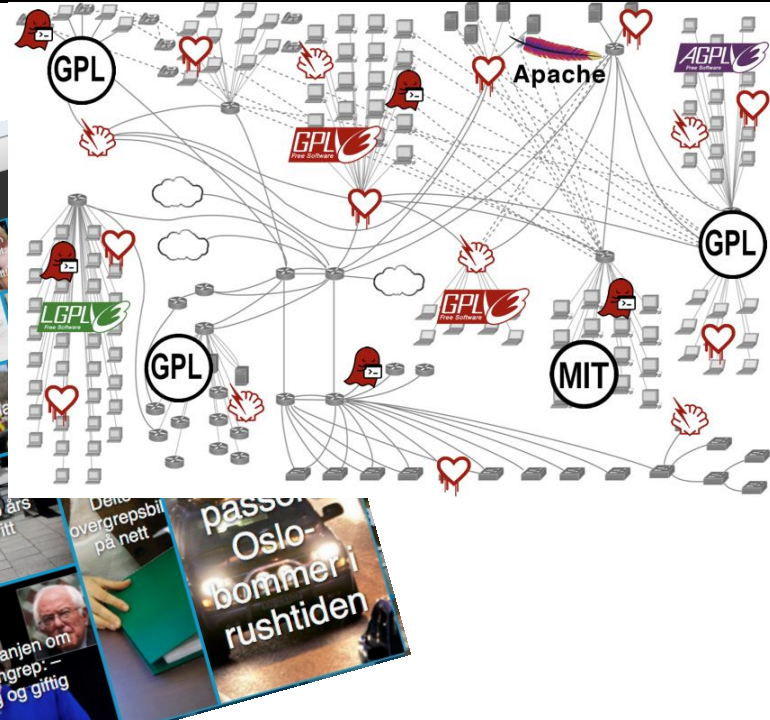

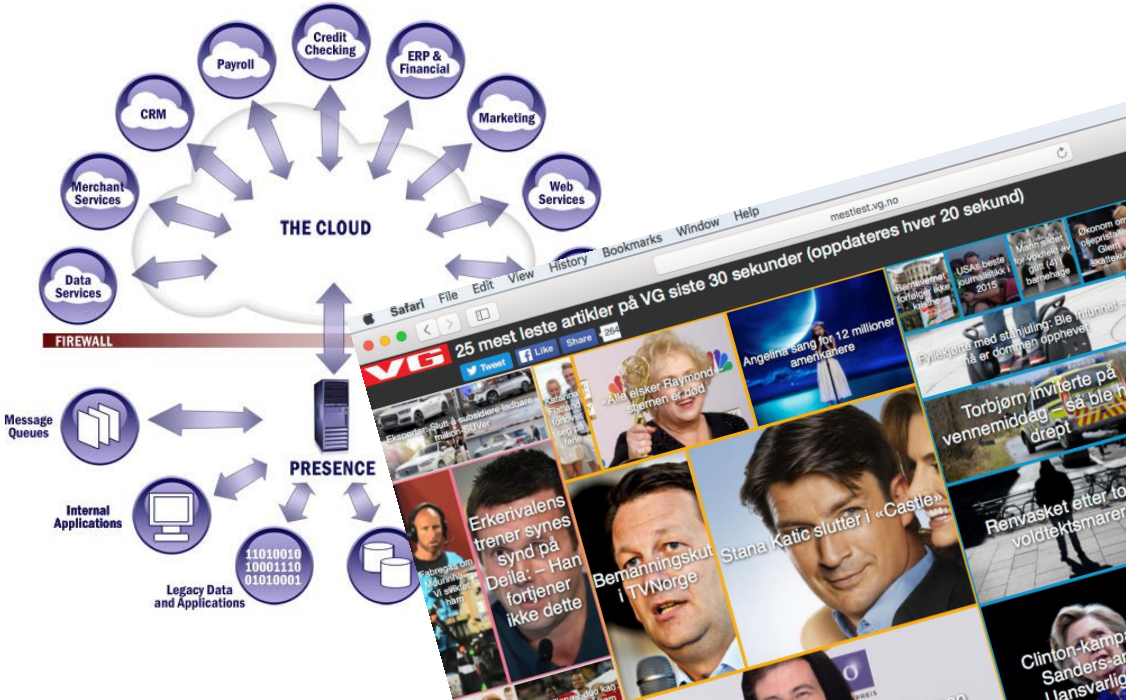

EMS/NMS and M2M Solutions for Carriers

## Zimbra

Open Source Email and Collaboration and Social networking solution
